

YOU SAVE. THEY LEARN.

The FireFly Do-It-Yourself Chromebook Repair Cart

At FireFly we're reimagining what a vendor partner can do to help schools buy, manage, and maintain their classroom technology. Our FireFly Do-It-Yourself Chromebook Repair Cart extends the life of your devices with all the tools, supplies, and training needed for two people to perform almost every Chromebook Repair. Includes \$1,200 in FireFly Smart Repair™ credits for your initial Chromebook parts purchases.

Dimensions: 37.25"H x 30.75"W x 18.25"D
With shelf out: 37.25"H x 47"W x 18.25"D

Exclusive "collapse-and-go" work shelf folds down for easy storage

Single keyed lock keeps all five drawers secure

Dual locking 5" caster wheels and two fixed 5" wheels provide maneuverability and stability

EMPOWER STUDENTS WITH WORLD-RELEVANT SKILLS

The FireFly DIY Chromebook Repair Cart is perfect for student-led repair programs. The included step-by-step repair videos teach students lifelong skills they can be proud of, and students gain a well-deserved sense of accomplishment seeing the devices they repaired being used again in the classroom.

INCLUDED WITH THE REPAIR KIT

- Deluxe 5-drawer mobile storage cart with fold-out "collapse-and-go" work shelf
- 30+ professional tools and supplies suitable for two or more repair technicians
- Access to FireFly's expert step-by-step instructional repair videos
- \$1,200 in FireFly Smart Repair™ credits for your initial parts purchase
- On-demand consultations with FireFly Repair Technicians for live Q&A
- Easy website for ordering additional parts and tracking Smart Repair credits
